BREWERIES AT PHILADELPHIA RAIDED

300 Federal Men Seize
and Search Plants—
State and Municipal
Officers Given Investi-
gating Power

PHILADELPHIA, Pa., Nov. 9.—In one of the most sweeping raids ever made here, federal prohibition officials today sought to fix larger responsibility upon state officers for Volstead law enforcement by authorizing state and municipal officers to make inspections of breweries, whiskey and alcohol distilleries, and of all other concerns legally permitted to manufacture, sell or buy liquors.

All liquor permits granted by the government for 1924 will contain a provision authorizing inspections by state and municipal officers. This is a sweeping departure from the former policy under which only federal internal revenue or prohibition enforcement agents made such inspections to discover possible violations of the law.

PLAINTIFF PAYS COST IN FIGHT

Joe Stepkat arrested on an affidavit filed by Frank Donnelly, of the Red Star taxi line, on a charge of reckless driving, was tried in police court yesterday. The night of October 24, machine driven by Stepkat and Donnelly collided on Cleveland street, and Stepkat's machine was thrown to one side into a machine in which was seated Mrs. Stella Taylor, resulting in her injury. Donnelly claimed Stepkat was to blame for the accident and caused his arrest. After hearing the evidence, Mayor Jones acquitted Stepkat, and assessed the costs against Donnelly.

MRS. ROY MERRIMAN DIED THIS MORNING

Mrs. Roy Merriman, 225 Columbia street, passed away this morning at the Elva Memorial hospital. Her body was taken to the funeral home at 1000 where it will be prepared for burial. The announcement of funeral services will be given later.

LONDON, Nov. 9.—"I have not formed any personal opinion about prohibition," Lloyd George said on his return from America today. "I found the general opinion in America to be that a plebiscite would re-affirm the former verdict. Even those who previously opposed prohibition are now in favor of it."

"The United States is determined to try out the experiment thoroughly and ought to have a free hand. I am pleased that Great Britain is going to see that the United States has a fair chance."

"If the rum treaty does not succeed the very determined American people will not hesitate to drop it, or if it succeeds, to continue it."

Lloyd George said he found throughout America and exceedingly friendly feeling towards England.

"There was a marvelous change in sentiment on the Irish question," he continued. "The percentage of Devaleraites is insignificant."

In the middle west, Lloyd George declared, there has also been a change of attitude towards Europe.

"The farmers are interested in the Ruhr," he said. "I also see signs that other European nations Belgium and Italy are getting on easy over the French attitude and attach great significance to this."

Lloyd George was asked to summarize his impressions of America.

"It is a country of enormous influence, impressive resources and unlimited possibilities," he said.

He admitted he was unable to adopt the custom of drinking ice water.

Of his visit to former President Woodrow Wilson, Lloyd George said:

"I found him delightfully mentally alert but physically far from well."

Returning to domestic politics, Lloyd George indicated he might wish to base a fight to regain his place in Downing Street.

The issue, as some had predicted, was Premier Baldwin's policy of protection.

"It is incredible folly to insult the intelligence of the nation," he declared. "The people of Great Britain will not have a tax on food."

"The issue now is simply protection vs free trade."

WALTON MAKES DENIAL OF CHARGES

Refute Testimony That
Men Drew Pay From
State Without Giving
Services

OKLAHOMA CITY, Okla., Nov. 9.—Represented by a strong array of state evidence, Governor J. C. Walton went before the senate impeachment court today in an effort to break down the damaging statements against him from two former confidential agents, Aldrich Blake and Dr. E. T. Bynum, made under cross examination.

Admittedly the state scored heavily in the initial phases of the case.

Evidence tending to show that two men on state payrolls had acted as personal servants to Governor Walton and had performed no service to the state was presented by the house board of managers.

The defense did not cross question the principal witnesses but indicated they would be recalled this morning. Besides Blake and Bynum, Dr. A. E. Davenport, state health commissioner and close friend of Walton, admitted facts not favorable to the defendant.

The state will complete its evidence on articles of impeachment relating to the alleged illegal use by Walton of state employees, some time today, it was indicated.

"While Governor Walton was out of the city I removed twenty nine employees from the highway department payroll," Blake testified.

"This was done when I was notified by that department that they had one third too many employees and the appropriation was rapidly being depleted. Some of the men so discharged were replaced by the governor on his return."

Walton frequently requested the highway, banking, game ward, board of affairs and health departments to place employees on their payrolls, the witness said.

Blake knew of three men who were paid money out of a fund appropriated to apprehend Fred Dennis, a missing state bank commissioner who rendered so far as he knew, no service in seeking Dennis.

This testimony was offered to back up the charge that Walton "willfully, unlawfully, wrongfully and corruptly appointed a great number of his political and personal friends to lucrative positions for which no authority existed, thereby depleting and debauching the treasury."

These appointments rendered no service to the state, the state charged.

The session was marked by constant wrangling among attorneys and members of the court. During the testimony of the first witness eight rulings were made in favor of the state and two for Walton.

LORAIN BOOZE
VENDOR FINED

William Shinkley, 1609 Long avenue, Lorain, was brought before Judge Thompson this morning by prohibition officer Frank Klady on a charge of the illegal possession of liquor. He pleaded guilty and was fined \$500 and costs.

Mary Nowacki, 1648 Broadway, was also arraigned on a charge of illegal possession of liquor. When searched at the jail, Mrs. Underhill found a bottle of liquor concealed under her clothing. She pleaded not guilty and was released under \$1,000 bond. Her hearing will take place the 13th.

SOME STITCHING
WASHINGTON, Nov. 9.—A world's record was hung up here today by two doctors at the Emergency hospital.

Two negroes were brought into the hospital following a "razor fight." They looked like a relief may of Germany undergoing a revolution.

Dr. John D. Vemayo took 212 stitches in Thomas H. Lee, finishing a short time ahead of Dr. J. W. Earnest, who put 217 stitches in Walter Tyler. Both will recover.

This is a world's record in stitching, according to hospital attaches.

HOLD TREW RITES
LORAIN, Nov. 9.—Funeral services for the late Capt. Richard Trew, were held this afternoon at the First M. E. church. There was a large attendance of business men and former associates, and burial took place at Elmwood cemetery.

LEGION'S MINSTRELS MAKES A BIG HIT; REPEATED TONIGHT

The American Legion went over the top again last evening when they gave their third annual minstrel show at the Rialto theatre. It is a usual thing for a newspaper to have a good word for home entertainments whether it is deserved or not. However, last night's performance was unquestionably the best amateur minstrel show that has ever been shown here. This is the unanimous verdict of the large audience that witnessed the performance.

The costumes of the players were very handsome the main chorus being dressed in blue silk dress suits with white silk vests, the balance of the chorus in pink and white and the end men in purple and white trousers, purple coat and green vests. In the rear of the stage on a raised platform was a patrol of Zouaves in regular Zouave costumes. The stage settings and hangings were also very tasty and in harmony with the costumes worn by the men, and occupying a conspicuous place was the official emblem of the Legion.

Not a Dull Moment
From the time of the first raising of the curtain to the final number there was not a dull moment. Tunes of music, splendid chorus work, a fine selection of snappy songs, and soloists far above the ordinary, aided by an exceptionally good orchestra, combined to make the show a success.

Roy Hultz was master of ceremonies, and made a good interactor. The prancing auxiliary end men were William Burroughs, Robert Couch, Leonard Terry, Alva Smith, Earl Smith, and Arthur Castle. Chuck Persons and Fred Roth were funny end men, and Johnny Gray and Chuck Clark the premier ends. The soloists were Jack Norsworthy, Mike Sexton, Earl Greenland, Lawrence Wensink, Rodney Parker and E. J. Lamb. Too much praise cannot be given these boys, everyone possess a fine voice, and their musical numbers were backed up by a double sextette whose voices harmonized and who were not afraid to use them.

Replete With Stars
The work of the end men pleased the audience, and the jokes aimed at local men and events caused much merriment. Johnny Gray and Chuck Clark showed their usual ability as entertainers, and their efforts added much to the success of the first part. The song by Earl Greenland, "Ten Thousand Years from Now," was one of the best numbers. This part of the program was completed with the snappy song, "I'm Flying High," by Chuck Clark and the entire company.

The second part of the performance was featured by a skit, "Satisfied," by Fred Roth and Ed. Anderson, in which they did some clever work. Johnny Gray and Mike Sexton then put on a musical skit that was one of the good things of the evening. Those boys sure can sing and the audience was loth to let them go. Another feature was the chalk talk by Jay Weller. He illustrated his performance by descriptive selections on the piano, and showed considerable versatility, and cleverness throughout. Miss Maurine Struthers again demonstrated her ability as a dancer, and received merited applause.

The performance closed with a one act skit, "Come Town Cabaret," that was away ahead of the ordinary overdrawn performance seen so often. It was funny, was well put on, and kept up interest until the curtain was rung down.

It is impossible to speak of all the excellent features of last night's performance, which will be repeated tonight, but it is sufficient to again say that the boys did themselves and their instructor proud justice. They deserve the patronage of the public, and are entitled to another full house tonight.

Members of Cast
The following took part: Double Sextette, Jack Norsworthy, Rodney Parker, C. D. McKet, H. E. Birch, T. P. D. Bloom, Paul Blanchard, Lawrence Wensink, Chas. Clapp, Clifford Wrie, Mike Sexton, Ed Anderson, Earl Greenland.

Lehman, Virgil Loper, DeForest Wood, Norman Benson, R. D. Copus, L. D. Hartman, Walter L. Laski, Lynn Furber, T. A. Smith, Geo. Robson, Carl Filmer.

Others who took part in the short scenes with those already mentioned were Dick Gray, Ollie Palmer, Bill Goshen, James Jones, Chas. Hansen.

Reorganization and Reconstruction of Klan
New Plans of Imperial Wizard

INDIANAPOLIS, Ind., Nov. 9.—Reorganization and reconstruction of the Klan as an answer to the charges of Colonel William J. Simmons, emperor of the Ku Klux Klan will form the basis of an address of D. H. W. Evans, imperial wizard, at Fort Wayne tomorrow. Dr. Evans stopped here today on his way to the Fort Wayne convocation from Washington, D. C.

Dr. Evans has not been in hiding nor has been avoiding Atlanta, it was stated.

At the time of the killing of William S. Coburn, attorney of Atlanta and leader of one faction, Dr. Evans was in New York, it was stated. In conference with leaders of the Ku Klux Klan from over the United States, following the New York meeting, Dr. Evans went to Washington.

According to information gained here the reorganization of the Klan will put it on a more effective basis with Indianapolis as the center of the propaganda drive. It may instead of Columbus, O.

Three points will be centers of the Klan drive. Two of them are New York and Indianapolis. The third is still to be selected.

The matter of removal from Atlanta has not been definitely determined, it was learned. It is because Indianapolis is the center of alleged Klan propaganda, this city probably will be chosen, it was said.

STATED AS DEM LEADER
WASHINGTON, Nov. 9.—Representative F. J. Garrison of Tennessee, has been accused upon as democratic leader of the house in the 68th congress, it was learned today. He has been in the house for nine terms and was floor leader last.

ONE DYING IN STEEL PLANT FIGHT

Mexican and Spaniard
Start Trouble at Lorain
Mill; Shooter Sustains
Fractured Skull

LORAIN, Nov. 9.—Jesus Guseman, 25, a Mexican, is dying in St. Joseph's hospital as a result of being shot five times by Bendillo Cluse, 24, a Spaniard, in a fight between the two at the National Tube Co. plant today.

Cluse claims that Guseman drew a revolver in the fight and that he took it away from him and shot his opponent in self-defense. Witnesses states Cluse drew the gun from his shirt and began hostilities.

After the fight, which was witnessed by a large number of workmen, a near riot took place and Cluse was struck over the head with a piece of gas pipe, and is believed to have sustained a fractured skull.

The steel plant police force subdued the trouble and placed Cluse under arrest. He is being held at central station to await the outcome of his rash act.

KLAN PLANS TO ERECT TENTED CITY

Youngstown Prepares to
Care and Feed 100,000
at Rally Saturday

YOUNGSTOWN, O., Nov. 9.—The erection of a "tented city," capable of feeding and caring for 100,000 visiting members of the Ku Klux Klan are under way here today. The city will be erected on a big aviation field on the southern edge of the city where the Mahoning convale will be held Saturday and Sunday night. A complete "whiteway" system has been installed on the grounds and tents for commissaries, hospital and first aid, guardsmen and officers already are pitched.

That a record breaking crowd is coming is shown by announcement of railroad officials that more than ninety interurban cars have already been chartered as well as many special trains to bring in the visiting klansmen. Parking facilities for many thousand automobiles have been provided.

Formal application for permission to parade was made to acting Chief of police James J. McNicholas today. The application stated that the parade would be an unmasked affair.

Robert Underhill, 16, son of Sheriff Underhill, had a narrow escape from serious injury yesterday afternoon. He was looking for an electric light bulb in a closet, when he took hold of a loaded revolver. He moved it from its position and the weapon was discharged, the bullet passing through his hand. It went past him into a flower pot, which broke, and no trace of it can be found. Young Underhill is very fortunate in not being badly hurt, and will be all right as soon as his wound heals up.

Pottery Workers
End Own Strike

ZANESVILLE, O., Nov. 9.—Crockville pottery workers who have been out on strike since last May voted last night to return to work at the old scale. Several applied for work this morning and were taken on. The eight pottery plants expect to resume full production today.

Asked a raise of 75 cents a day in the past two days, the operators have steadfastly refused.

ROBERT JACOBSON AND
MARY DOBAS DIVORCED

Two divorces were granted by Judge Thompson this morning. Robert Jacobson was divorced from Viola Jackson, on the ground of gross neglect of duty.

Mary Dobas, Loran, was divorced from Steve Dobas, on the ground of gross neglect of duty. She was given \$200 alimony, payable \$20 per month.

MARCH ON BERLIN MOVEMENT FAILS; CAPTURE LEADERS

The Bavarian nationalist revolt appeared today to be collapsing within 24 hours after it was begun last night at Munich.

Fighting was reported at Munich between Reichswehr and Fascisti in which General Ludendorff, one of the ringleaders in the uprising, was wounded.

Conflicting reports were received over the actual fate of Ludendorff and Adolf Hitler leader of the fascisti. First news from Munich was that dissensions had broken out and that Dr. Von Kahr, "national protector of Bavaria," had disavowed the revolt and ordered the arrest of Ludendorff and Hitler. Later they were said to be in the hands of the Reichswehr. Still later Hitler was said to have escaped.

Ludendorff had taken refuge in the Bavarian war ministry which was attacked by federal troops. The South Bavarian Reichswehr entered Munich during the morning.

There were evidences that the struggle in Bavaria rests between two factions of the nationalist party for control. So far Von Kahr is the victor. He is supported by General Von Lossow, former commander of the Munich Reichswehr.

German government officials at Berlin said they were more hopeful this afternoon. They said they believed the Reichswehr would remain loyal and control the situation.

At Stuttgart, soldiers and police attacked the fascisti, expelling them from the barracks and municipal building.

Advices from Thuringia said that the program for the Bavarian fascisti to "march upon Berlin" today—the fifth anniversary of the 1918 revolution, has failed.

BERLIN, Nov. 9.—General Von Lossow, commanding the anti-fascist forces at Munich has demanded the unconditional surrender of Ludendorff and Hitler and their followers, said a despatch from Munich.

BERLIN, Nov. 9.—The government is stiffening its attitude to France. It was understood this afternoon if the French envoy presents Premier Poincare's note protesting against a German dictatorship Chancellor Stresemann will reject it as "meddling in German internal affairs."

Break Up Monarchy Coup.
BERLIN, Nov. 9.—Fighting broke out today between Reichswehr and Bavarian fascisti at Munich in which General Ludendorff and Adolf Hitler, leaders of the fascisti, were reported captured, the former being wounded.

Previous advices from South Germany said the leaders of the Bavarian nationalist revolt had quarreled and that Dr. Von Kahr had withdrawn his support, ordering the arrest of both Ludendorff and Hitler.

The nationalist movement, the prime object of which was to restore the monarchy in Bavaria, appears on the point of collapse this afternoon. Bavaria has been isolated. French federal troops have entered Munich.

Lloyd George Hopeful.
LONDON, Nov. 9.—Former Premier David Lloyd George, returned home from his American tour today, praising the United States policy towards reparations. Upon arriving at Southampton the former premier issued a statement, saying:

"The situation in the United States regarding Europe is amazing. The United States has taken a definite forward step. Although Premier Poincare's attitude is not helpful, I am still hopeful that a conference will be held which will assist a solution of the reparations issue."

"Secretary of State H. C. Hughes left open the question of American operation a 'four France' I consider their attitude a success. The United States is a really interested in Germany. That country deserves the aid of France and the United States."

One of the biggest personalities ever accorded a British statesman was awarded for the former premier when his arrival this evening. A Welsh choir was at the railway station to sing a statesman's favorite airs.

"Must Rescue Germany."
WASHINGTON, Nov. 9.—The American government, in concert with the world war allies, must rescue Germany from disintegration and economic ruin or Bolshevism will run rampant over all Europe, this was the warning issued today by Senator William H. King.

MEMPHIS, Tenn., Nov. 9.—Mobs stormed the city balloting places here today following the announcement that practically the entire Ku Klux Klan ticket was defeated in the annual city election. Riot calls were sent in, and heavily armed police officers with sawed-off shot guns arrived in time to prevent bloodshed. The mobs were hurriedly dispersed.

Innocent returns at noon today, and an overwhelming defeat of the Klan with the exception of Clifford Davis, candidate for police judge. Mayor Paine, and klansman, will win by approximately five thousand votes over the Klan candidate, returns this far indicate.

LIQUOR CASES CONTINUED
The trial of Peter Tarras and George Beaver, charged with the illegal possession of liquor, which was to have been heard in police court yesterday, has been continued until next Wednesday, by agreement of the attorneys and the absence of State witnesses.

BUCHTUS, Nov. 9.—Harry Paxton, local automobile agent, arriving at his garage at 5:30 a. m., discovered the place already occupied by a stranger, who said that he was waiting for a workman to arrive to make a repair to his automobile. Thinking something wrong, Paxton started investigations and was confronted with a heavy caliber revolver in the hands of the stranger, who told him to "hold up his hands and keep quiet," while the unknown backed toward the door, and escaped. The stranger had changed license plates on a new car and one brought in for repairs, but had found the new car without gas and was in the act of filling the tank when interrupted by the garage owner.

POMEROY, Nov. 9.—Jake Betzel, who is said to hold all honors for being the most arrested man in this part of the world, is again, for running an illicit still the time. When arrested, the of-

icers say, he just grabbed one long drink and surrendered, content to rest indoors for the remainder of the long, cold winter.

SHADYSIDE, Nov. 9.—W. B. Grandstaff, 40, Moundsville, W. Va., was crushed to death by a fall of stone in a mine here. A brother was killed in another here last year.

MIDDLEPORT, Nov. 9.—Seven youngsters, taken before Mayor Sauvage for ringing the school house bell at night, admitted their guilt and were sentenced to attend Sunday school every week for six months. Two of the lads are nephews of His Honor.

DEFIANCE, Nov. 9.—While refusing to express any opinion on the advantage of any one of the three proposed barge canal routes

from Lake Erie to the Ohio river, the water supply of this course has always been the big question but expressed belief that there is enough water for the maximum requirement.

ST. CLAIREVILLE, Nov. 9.—County recorder Brady Bradfield

has finished recording two large mortgage documents, one covering a bond issue of \$75,000,000 and the other an issue of \$1,750,000. The larger document covers 413 pages and cost \$220 fees to record. It was made by the Wheeling Steel Corporation to the American Exchange National Bank, N. Y. The smaller mortgage covers 117 pages and is made out to the Union Trust Co., Cleveland, by the Mahler Collieries Co.

GLOUSTER, Nov. 9.—Dry officers report that they have destroyed

ed a large number of big distilling outfits which they found hidden in abandoned coal mines. One still, they say, was guarded by six men who opened fire on the officers but fled when their fire was returned.

ATHENS, Nov. 9.—Magistrates generally throughout the Hocking valley are reducing the sizes of fines assessed in their courts for misdemeanors. It is said that this is being done because so many coal miners and others are out of work.

Because, if you are in the clutches of constipation, real relief will come only through eating bran that is ALL BRAN!

Kellogg's Bran is ALL BRAN—that is why it is recommended by physicians; that is why it is GUARANTEED; that is why it gives positive, permanent relief! And, Kellogg's Bran, being cooked and crumbled, is as delicious as it is beneficial! Remember that!

Foods with 25 or 50 per cent bran will give you 25 or 50 per cent relief, because they have only 25 or 50 per cent of the bulk or "roughage" of ALL BRAN—a necessity to secure permanent relief! It is the "bulk" of Kellogg's BRAN that eliminates constipation!

Don't stop half-way in your efforts to fight constipation. Get GUARANTEED RELIEF that will come to you through eating Kellogg's Bran, because it is ALL BRAN—because being ALL BRAN it is 100 per cent efficient!

Two tablespoonfuls daily for mild cases! As much with each meal if conditions are chronic! You'll enjoy Kellogg's Bran as a cereal or for making delicious bran muffins, bread, etc.

HISTORY

A large number of people were surprised to learn of the many things that we manufacture in our pork and sausage department.

LARD—An open kettle rendered product—giving you a sweet smelling lard with all the water evaporated.

Bacon, Hams, Calf Ham, Cottage Hams and Bacon Squares are cured and smoked by us. These pork products come from pigs that are usually bought from a farmer who has a refrigerator plant, modern killing house and Cleveland inspection of dressed meats.

Dried Beef, Boiled Hams, Smoked Sausage, Liversausage, Pure Pork Sausage, Mince Ham, Spiced Ham, Ham Loaf, Head Cheese, Blood Sausage, Wieners and Bologna are made in our sausage department by an experienced sausage-maker who has had twenty years' experience in sausage making.

Our refrigeration plant with its three large coolers, silent cutters for proper gridding, mixers and stuffers assures proper handling of these products.

We appreciate your business and strive at all times to give you the best. If at anytime you buy an article at this store which is not perfectly satisfactory your money will be cheerfully refunded.

PROBE ELIGIBILITY OF ELYRIA STAR

WELLINGTON HI PLAYS HERE TOMORROW

LORAIN FORESEES DEFEAT, PROTESTS HOUSEMAN'S AGE

For some time rumors started, known to the football protest has at Lorain, have been in the air. The question of the age of the Elyria high school football team, should be disqualifying to conference rules he is over twenty years of age. The rules provide that no player is eligible who is over twenty years of age at the beginning of the semester, but that if he becomes of age during the semester, he can continue to play.

Last year rumors were put in circulation at Lorain, and this year they have grown in volume until he has been accredited as being all the way from twenty-one to twenty-four years of age.

Lorain is also said to have gone to McKeesport, Pa., Houser's former home for six months, in an attempt to prove him ineligible. As he lived there but six months, no credence is given by Elyria authorities to anything that may have been secured there. Principle Vaughn of the high school states that so far as he is concerned, the player is eligible.

Industrial, Church Indoor Leagues at Y M C A Underway

The Y. M. C. A. Industrial Indoor baseball league fired its opening guns and proved that this league as well as the Y. M. C. A. Church League is to be made up of some fast and good teams.

In the first game of the evening Columbia Steel Co. took the Factory team of the Colson Co. in to camp and won by the score of 33 to 10. The score does not show the real playing of the game as both teams had splendid fielding and batting stars and the good sized crowd was kept on their feet most of the time by the fielding and batting of both team members.

No particular played stood out on either team but all of the players on both teams played a fine game.

The second scheduled game between the office team of the Colson Co. and the Enamelled Products Co. was forfeited to the Colson Co. due to the failure of the Enamelled Products Co. to make an appearance.

6 Teams In League

Six teams make up the formation of the league and all teams report that they are set for their opening battle. The games will be played on Wednesday and Friday nights. With two games being scheduled for the middle of the week and one game on Fridays. The games will be started at 7:30 p. m. and the admission is free.

Following are the teams entered in the league: American Lace Co., Enamelled Products Co., Columbia Steel Co., Merchants (from Col. Co.), Enamelled Products Co., Colson Co. and Colson Co. factory.

The game scheduled for Friday of this week has been postponed on account of the American Legion Minstrels which draws heavily on the Merchants team. This game will be played later in the season.

The rules and schedule for the league follow:

Church League

Indoor baseball played this community last night with a bang when the Y. M. C. A. Church League went into action for their first series of scheduled games and as already predicted a better brand of ball was displayed in the first games than was played last season when the league was at its best. By the time that the season is a little older some great games will be played and will surpass those of other years.

In the first game the St. Paul's lost a hard fought game to Williams Class of the Methodist

OBERLIN PLAYS DENNISON SAT.

OBERLIN, Nov. 9.—Driven in by Oberlin's first snow storm, the football varsity held practice in the gymnasium Thursday afternoon. The team has been taking work rather easy so far this week holding no practice Tuesday and only a short session Wednesday.

Cincinnati defeated Oberlin last Saturday 6 to 0. Tomorrow Oberlin plays Dennison at Granville.

EXPECT BATTLE TO BE EASY VICTORY FOR LOCAL ELEVEN

By CLAYTON R. RAWSON

The Elyria high school pigskin chasers will have another tough game tomorrow when they will tackle the Wellington high team. However, it is expected that the Elyria boys' steam roller will again be in working order, and that the Cheese City boys will be effectually disposed of. One thing is sure, the Wellington boys will not follow the example set by the Shaw team and leave the field before the game is finished.

And that reminds us that the Shaw team should not be given all the blame for leaving the field Saturday. They wanted to stick and play the game out, but were overruled by their coach. This also calls attention to the fact that the referee never should allow a coach on the field except in case of an injury to a player. If this had been done Saturday no trouble would have taken place. Shaw is planning a big Thanksgiving game with some strong team and is looking towards New England and Chicago. They don't have to go that far for there is a team some twenty miles away from Cleveland, that Shaw has heard about, especially the captain and quarterback. Shaw would like to forget this bird, but the remembrance will stay in the minds of the players at least.

Lorain will play Warren tomorrow and is looked for to win the game.

Supporters of the Elyria team are asked to be present tomorrow, and they will get some more thrills. Ernie Leddale states that the fund for the new fence is coming right along. Let's get behind this proposition.

LIMA, Nov. 9.—Two women—believed to be the only ones of their sex chosen—will receive certificates of election as constables in Allen county as a result of election Tuesday.

ON THE SPUR OF THE MOMENT

TO KNOCK OUT SOME OF YOUR EGO

Do you think that you swim? Can you swim with all of your clothes on and take them off in the water?

Do you drive a car well? Can you spin around the floor of a crowded garage and get into a narrow space?

Can you box? What would have happened to you if you had been in the ring with Dempsey recently?

Have you a social position? What would happen to you if you tried to make it in London or Paris?

Have you ability as a dramatic critic? What plays have you written?

What would you look like if you tried to act even a simple part?

—Marcel Steinbrugg.

One correspondent asks us: "What do Dempsey and Firpo want to fight again for?" Foolish question 1234567. Can any little boy in the class answer it?

Girls in Pennsylvania corset factory have gone on strike. But there are a lot of striking girls in this locality, too.

Market report says cotton is going up. We can only hope it will go so high they will be able to put it into the "cotton" suits any more.

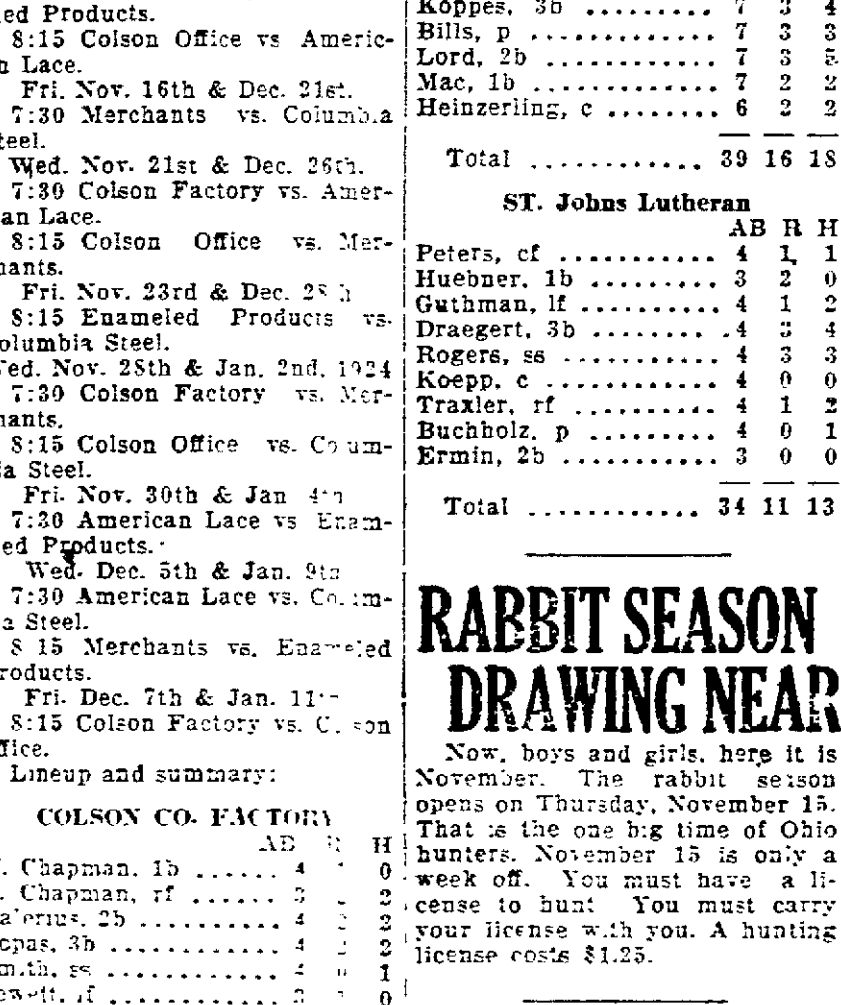

ITALIAN FASCISTI CELEBRATE RISE TO POWER YEAR AGO

Italy has entered its second year under the Fascisti regime. A mammoth parade and elaborate ceremonies attended the observation recently of the first anniversary of the triumphant entry into Rome of the "black shirt" army and the rise to power of Benito Mussolini, made dictator of the nation at that time. The photo below was taken during the parade. That Mussolini is still the idol of Italy was indicated by the ovation accorded him during the celebration.

Benito Mussolini, in military garb, reviewing the Fascisti anniversary parade in Rome. He is the third from the left. On the left are Generals Badi and De Vecchi, two of the three generals who helped command the triumphant entry of the Fascisti last year. The camera man caught part of the uniform.

THE NEWEST DICTATOR AND HIS RHINELAND CABINET

Dr. Josef Matthias and his official family. Left to right are Rev. Kremers, Herr Ochmer, Prime Minister Preller (with papers), Premier Matthias, Herr Hansen, Herr Simons, Agricultural minister Beck, Finance minister, Walterhoff, Herr Heister and Herr Linsen, military members.

LAST NIGHT'S FIGHTS

At Fort Thomas, Ky.—Johnny Gill, York, Pa., easily defeated Sammy Criminella, Zanesville, O., ten rounds.

Danny Shore won over Billy Thorpe, Dayton, O., six rounds.

Jack Warner gave Buddy O. Krent a good lacing, four rounds.

"Happy" Heib knocked out Geo. Allen in first round.

George Thompson knocked out Larry Hauer in second round.

Mike Strauss gave Roy Wallace a sleep punch in first round.

At Columbus — Joe Downey, Columbus, defeated Bill Clemens, West Virginia heavyweight, in ten rounds.

ETHICS IN THE PUBLIC SCHOOL

The "World Tomorrow" has an article in its recent issue on this subject by Jessie W. Hugan, a New York High school teacher. She feels that in this matter the school is lagging behind other parts of its activity. "Obedience to rules" is still the primary virtue, and offences against the routine discipline are still the most serious offences. In most of the sins of the school life, it is the lesser which are being emphasized,—whispering, tardiness, failure in recitation, cheating. These offences are not considered disgraceful. They are simply recognized as illegal. There are only two offences, according to the writer, which are really disgraceful in the mind of the average high school student. These are theft of property and lack of patriotism. Following the war, a pledge of loyalty was presented in a certain school against which many of the students really objected, but so great was the disgrace not to sign that pledge, that not one dared to refuse his signature.

Sex morality is practically ignored. Unselfish love finds little scope for development. "Service" is construed as an activity which brings popularity with teachers and fellow pupils. From a study of three city high schools, containing both boys and girls, and representing the different social elements, Miss Hugan has formulated a code of honesty which represents perhaps ninety per cent of our young citizens: First, stealing physical property is always wrong; second, cheating in the State Regents' examination is wrong; third, cheating in local examinations and forging the parents' name are wrong, but excusable under the stress of circumstances; fourth, misrepresentation in business is normal, except when directed against one's partner or employer; fifth, copying another's composition or problem does not stamp a boy or girl as dishonest, and is occasionally indulged in by all but saints and eccentrics; fifth, a lie is wrong when it injures another, but not when told to save one's self or others from unpleasantness.

These conclusions of one investigation do not necessarily warrant general conclusions. But those who have observed the ethics of school boys and school girls know that a different code obtains in school life than in the life of society. The fact is, the ethics that are imposed by school authorities in the examples cited above, are not those which are generally accepted by pupils, at least, not in practice. And the question whether the moral emphasis on either side are justifiable measured by an absolute code, if we may say such a code exists, might well be raised by all interested in the public schools.

DANGEROUS ELEMENTS

A certain rich man said recently that he had succeeded in getting enough liquor from bootleggers to supply himself and his friends for the rest of his life, and so far as he was concerned, "They could go to hell with the 18th amendment and with the government at Washington." Speaking of this incident at a recent gathering of more than four thousand people, Fred B. Smith, noted business and Y. M. C. A. man, spoke true and trenchant words when he said, "These hoodlums are not found in the back alleys, but are for the most part found in rich men's palaces. If the constitution does fall and the nation does go down, it will not be charged to the Bolsheviks, the Socialists, or the Reds, but it will be charged to the crimes of the affluent rich who think more of a drink of whiskey than they do of the welfare of the nation."

This serves to emphasize the real dangers which beset our institutions. We are crying against the soap box ranters whose following is hardly numerous enough or strong enough to upset a street apple cart, as if our government was in danger of falling through their onslaughts. More concerned, much more, should we be over the insidious undermining of the high functions of government by those who sit in the seats of the mighty, and who have the power to prostitute by their wealth and influence every law intended for the common weal.

This is not to say that the rich as a class are of bad stamp. They are not. It is simply to say in the breath that neither are the poor all of that stamp. The dangerous elements, the undesirable, are found in every class. But they are most dangerous who have great power and wealth, and use that power and wealth to override law, and to gratify their desires.

DR. WM. MATHER LEWIS. With the formal installation of Dr. William Mather Lewis as president of George Washington University, this nationally known educator assumes direction of the only non-sectarian and co-educational university at the national capital. The university enrollment is in excess of 5,000 students.

Following many years of work on the faculties of various institutions, and a study of educational systems of many of the leading European countries, Dr. Lewis was asked to take charge of the educational service of the United States chamber of commerce, which position he held until his election to the presidency of George Washington university.

Born at Howell, Mich., March 24, 1878, Dr. Lewis was educated at Lake Forest college, Illinois, graduating in 1900. He pursued his graduate studies at Illinois college, where he was on the faculty for three years, followed by a similar period at Lake Forest college.

Why Cough Your Head Off

Make Your Own Cough Mixture for the Whole Family and Save Money. Its Easy

When you can make in your own home a wonderful cough mixture far ahead of any you can buy ready made, why not do it?

This home made mixture will stop the most stubborn cough and is fine for chest colds and acute catarrh. Children love it.

Get from any druggist one ounce of Parmit (double strength)—to this add a little granulated sugar and enough water to make half a pint—that's all there is to it.

Like a soothing, healing poultice one easily substance in this home made cough mixture spreads itself completely over the membrane of the throat. This causes the most stubborn hard-on cough to cease almost instantly. No ordinary slow-acting cough syrup contains this expensive ingredient.

Any remedy that overcomes catarrh, partially or wholly, is bound to be of benefit to those who are troubled with head noises and catarrhal deafness.

Get Parmit and get better.

TIMELY VIEWS ON WORLD TOPICS

"MR. TRAVEL WILL BE COMMON IN TEN YEARS" SAYS EDDIE RUCKENBACKER.

The day of the 2,000-foot super-drivable is not far distant, according to Capt. E. V. Ruckenberg, a German flyer, who returned recently from Europe.

Ruckenberg, who has been abroad on business, was discussing the sale of the great Zeppelin plant at Friedrichshaven to the Goodyear Rubber Company.

"It is my absolute conviction," he continued, "that large ocean liners will, within 10 years, be almost obsolete as passenger carriers across the Atlantic. There is bound to be great development of the dirigible in the U. S., going far ahead of even the Germans in that direction. It

will mean that within twenty years America will dominate the air.

Within ten years I expect to see the air full of flying flyers; secondly, the greater development of the dirigible, and, thirdly, the building of dirigibles which will act as tenders to the plants of the air—fueling them and taking off their passengers just as does a steamship tender in some ports of the world. This may sound fantastic today, but thousands now alive will live to see that development.

"Today," continued Ruckenberg, "the average 'Zep' is about 900 feet. They will be more than twice that long. Such a dirigible will carry more than 200 passengers. It would rise far above storm strata and sailing would be in fair weather. Practically all storms are below 10,000 feet. The dirigible is more economical in operation than steamships.

"Within twenty-five years the aircraft industry will be the biggest in the world, just as the automobile industry is today."

From 1906 to 1913 he was headmaster at Lake Forest academy, serving as president of the board of education there the last two years.

It was in 1913-14 that Dr. Lewis traveled about England, France and Germany studying the educational systems of those nations. Upon America's entry into the war Dr. Lewis went to Washington as the executive secretary of the national committee of patriotic societies, which post he occupied during 1917 to 1919. From 1919 to 1921 he was the director of the savings division of the U. S. treasury department, handling the sale of war savings stamps and developing a national thrift during the difficult post campaign war period. Following this he took up his work with the U. S. chamber of commerce.

He is the author of various articles on educational subjects published in the New York Times and Post, the Independent, Analyst and the Encyclopedia Britannica.

DEFIANCE, Nov. 9.—Joseph Toth, farmer of Mark township, pleaded guilty in Mayor John C. Mariatti's court to keeping his children out of school, as sworn to in an affidavit by county attendance officer E. M. Colwell. On his promise to send the youngsters to school hereafter, a five dollar fine was suspended and Toth was ordered to pay \$6.00 costs.

TODAY'S BEST STORY

LONDON, Nov. 9.—Robert Brown, 91, a widower, and Elizabeth Bolt, 88, a spinster, were married yesterday at Forest Gate, East London. Both were so feeble they were obliged to sit during the ceremony, which was curtailed in consideration of this weakness. They sign the register with a trembling hand.

IN THE DAY'S NEWS

Willis B. Booth, who has gone to Paris to arrange for a special conference of delegates from 38 nations to make recommendations regarding the prospect of reparations discussion advocated by Secretary of State Hughes, is a prominent New York financier, who some months ago was honored with the presidency of the International Chamber of Commerce.

Mr. Booth began his banking career in 1905 as vice-president of a savings bank in Los Angeles. In 1910 he took up his residence in New York City as vice-president of the Guaranty Trust Company, a position he still holds. Besides his banking activities he has many large and important industrial interests, and is a director in a number of large manufacturing enterprises. He has been prominently identified with the International Chamber of Commerce since it was first formed at Paris in 1920.

CRESTLINE, Nov. 9.—Mr. and Mrs. Charles E. Trory and their family have presented the Presbyterian church here with a new bell. The church will be rededicated the week of Nov. 11, after having undergone extensive repairs.

Cured His Rupture

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Dr. Miller did me no good. Finally I got hold of something that quickly and completely cured my rupture. It has never returned, although I am doing hard work as a carpenter. No lost time, no trouble. I have nothing to sell, but will give full information about how you may get a complete cure without operation. If you write to me, Eugene M. Miller, Carpenter, 442-K Marcelus Avenue, Manusquan, N. J., I will send you this notice and show it to any others who are ruptured. You may save a life or at least stop the misery of rupture and the worry and danger of an operation.

AL COURT
ES RULING
AFTON CASE

urt of Appeals handed written opinion of the case of Funk in the case of Funk vs. Gottlieb Novak. The case came up on the Common Pleas. It was an action for a permanent injunction to remove a fence from about six to nine feet from the south fence of a lot and substantially thirty feet from the eastern end of a strip joining the Elyria road. The question is whether or not the use of a roadway was a dedication as a common law rule, or to a certain use, given in 1857, by owners of the land along side of the strip in dispute then owners of a 50-foot lot in Carlisle township, said strip on the west. Judge Washburn concurred in the judgment, which sustains the position taken by Judge Webb. who heard the case in the Common Pleas court, but Judge Pardee was unable to agree in full with the findings and conclusion of the opinion, so did not concur therein.

The decision, it is to be hoped, will put an end to the strife that has stirred the neighborhood for some few years past and has been aired in local courts.

the evidence in this case, that this roadway is not referable to this 99-year lease, and we have therefore come to the conclusion that this roadway has been dedicated to public use and that it has been accepted as such by the public officers; whether said road was laid out and dedicated to public use by the township trustees according to statute or not as a roadway opened by individuals as a private roadway may, by adverse use by the public with the silent acquiescence of the owners for a period of twenty-one years, become a public road by prescription.

It is therefore the finding of this court that the same is a township road and that the lot line between lots 99 and 100 as located by Surveyor Wilcox, substantially in the center of this roadway, should be decreed to be the lot line between these two lots; that a mandatory injunction be issued requiring the defendants to remove all of the fences and obstructions placed by them in said roadway just prior to the beginning of this action, and to enjoin them from doing anything to obstruct the use as a public road of said strip between the fences as now located. A decree may be drawn accordingly.

Judge Washburn concurred in the judgment, which sustains the position taken by Judge Webb, who heard the case in the Common Pleas court, but Judge Pardee was unable to agree in full with the findings and conclusion of the opinion, so did not concur therein.

WHEELING, W. Va., Nov. 9.—After long deliberation, the jury trying the "alcohol case" in federal court here at noon today returned a verdict of guilty against Samuel K. Johnson, former treasurer, of Wheeling, and Albert Eich, president of the Belmont Products Company, of Martins Ferry. Verdicts of not guilty were found against Harry Thornburg, of this city, and J. V. Haid, of Martins Ferry. The indictments alleged conspiracy to violate the Volstead act, originally naming ten defendants, but of the number, six pleaded guilty during the progress of the trial. The case centered over the sale of a car load of alcohol here from Tennessee.

LET \$159,000.00
CONTRACT

LORAIN, Nov. 9.—The contract for the erection of a new building for the Y. M. C. A. has been given to George Kratt & Sons. Their bid was \$159,000, and work will be begun at once. It will be built on the site of the building at South Lorain that was destroyed by fire.

PENFIELD

By Mrs. Myrtle Gregg

PENFIELD, Nov. 9.—An important Dairy and Farm Bazaar meeting will be held at Penfield, Monday evening, Nov. 12th. Dr. Roy F. Leslie, chief of food and dairy inspection of Cleveland, Mr. H. Rogers county agent and another speaker from Columbus will give talks. Ladies especially invited. Lunch will be served.

The new bungalow of Ira M. Starr is nearly finished. A Delo lighting's system and a furnace have been installed. Men from Elyria did the stuccoing work. This is the first stuccoed residence of its kind to be built in Penfield. May they live many years to enjoy this fine home.

Mrs. Geo. Hastings spent Saturday night in Elyria with her daughter, Mrs. Clarence Waltz.

Mr. and Mrs. W. T. Starr were in Elyria Sunday calling on Mrs. J. G. Starr who has been quite ill the past week.

Mr. and Mrs. Levi Smith and sons arrived safely at Orlando, Fla. Arlo likes his school work very much and Russel has a position. He went to work the following Monday morning after arriving in Florida.

The Epworth League Hallows' Social on Friday evening was well patronized. Many came masked and their identity was a mystery and a royal good time was had by those who attended. Refreshments were served.

The election is over. Votes cast for the new school building were as follows: In favor of building \$9 votes, against \$4. The following were elected: Trustees, E. L.

Pierce, Fay Boise and J. J. Wirth, Lewis Jones and Vet Jackson were re-elected on the school board. Treasurer, A. H. Hastings. Township clerk, Alex McCoy. Judge of Peace, M. E. Craddock. Constable, Ralph Taylor.

Over forty-two dollars was the amount taken in from the election dinner at the hall on Tuesday.

Mr. and Mrs. Clarence Sooy of Cleveland motored to the home of their parents on Saturday morning and Mrs. Ben Sooy accompanied them to Jewell, KnKox Co. to her former home where they visited relatives Saturday and spent the night. On Sunday they returned by the way of Loudonville and Lakeville. They had a pleasant trip.

Clayton and Myron Sooy are

building a bridge at Homerville.

Mr. and Mrs. Lawrence Bettis spent the week end in Cleveland with Mr. and Mrs. Albert Judge.

Mr. and Mrs. Lawrence Bettis accompanied Virgil McKee to Chagrin Falls Thursday where he has accepted a position on the Shuttlewick estate.

Mr. and Mrs. John Bartholomew and Mrs. Geo. Hastings and Mrs. Lawrence Bettis attended Pomona Grange at Amherst Saturday.

Word received from James Jewell by the school that he was at Devil's Den Lodge, Gettysburg, Pa., taking in the sights.

Mr. and Mrs. H. S. Underhill entertained at dinner Sunday, Arthur Underhill, Mrs. Emma Murphy and son Paul of LaGrange, Mrs. Lucy Green of Kenmore. The

latter spent a few days visiting at the above home.

Mr. and Mrs. Ralph Kane and two children of Oberlin spent Sunday at B. C. Bettis.

Mr. and Mrs. Reuben Jackson and family will move onto Mrs. Elizabeth Naylor's farm. Mr. and Mrs. Chas. Naylor and children will move to Strongsville.

The Ladies of the Congregational church will serve the lunch at the Naylor sale.

Mr. and Mrs. Mark Devereaux, Mr. and Mrs. Stanley Sooy, Mr. and Mrs. Carson Johnson of Wellington and O. C. White of Spencer attended the funeral of an aunt, Mrs. Anne Engle in Medina, Saturday.

O. C. White spent the week end with his daughter, Mrs. Mark Devereaux.

appeared before the camera, with his friends prophesying that the public would have forgotten him and he wouldn't be able to come back.
"Thundering Dawn," in which he has the biggest emotional chance of any of his new roles, proves again that he is one of the greater film actors of any period. Anna Q. Nilson and Winifred Bryson are the feminine leads.

DANTE, FAMOUS MAGICIAN TO COME TO CITY
Dante, the renowned European conjurer, will appear under the management of Thurston, famous American magician, at the Rialto for two nights, beginning Wednesday, Nov. 14. No matinee.
In addition to his own wonderful European illusion, he will present the best of the Thurston-Kellar mysteries, which insure a combination that for size and entertainment value will long remain unexcelled in the annals of magical production.
Dante has devoted an entire year to the preparation of this production for America. A large staff of workmen, skilled mechanics and artists have been busily engaged all of that time, under the supervision of the master magician, in devising the unusual and some of them gigantic in size—pieces of property and mechanical contrivances which are used in producing the baffling illusions and mysteries that feature his performance.
These properties and contriv-

ances are employed in effecting some of the most marvelous illusions that have ever been seen on the modern stage. Thurston declares that they will stand out as unique and unsurpassed in the annals of magic. Hermann was great, Kellar was still greater, but as the latter said before he died "Thurston is the greatest of them all." "The greatest of them all" has collaborated with "the greatest in Europe" to produce a magical show that will be "the greatest ever seen in America."
Dante has combed Europe for able assistants, and brings with him a staff of twenty-three—everyone an expert in the particular task he is called upon to do. The New York Central is furnishing him with two of the very largest baggage cars they have on their system for the transportation of his scenery, enormous properties and sizable menagerie.
Featured among his own and the Thurston-Kellar mysteries and illusions which Dante presents are "The Ghost Woman," a psychic phenomenon of the age. You may ask her any question that chances to come into your mind. She is proclaimed to be unequalled as an exponent of mental telepathy.
Alvin's Six Musical Wizards, a sextette of merry melody makers augmented by Dante's travesty impersonations of famous conductors.
The mysterious Chinese Fountain of myriad streams, a spectacle of ancient oriental splendor.
Also such miracles as Creation, the Phantom Woman, the Miracle, the Great East Indian Rope Trick, the Vanishing Piano, the Lady and the Lion, the Spirit Cabinet, and a score of other weird, mystical effects bordering on the supernatural.

FAMOUS FILM FAMILY MEMBER VISITS ELYRIA

Jean Belasco, one of the members of the famous theatrical family of that name, stopped off at Elyria today to visit his friend Max Young, manager of the American theatre on his way to the Pacific coast where he is to make a number of pictures for the Universal Film Company. Before coming to Elyria, Manager Young was a traveling picture representative of the Universal company and was closely associated with Mr. Belasco.
"Thundering Dawn" is the motion picture that Belasco is at present interested in and inasmuch as it is booked to be shown at the American for four days beginning Sunday he is anxious to impress upon the movie going public of Elyria that it is a 100 per cent picture with the star of "Covered Wagon," J. Warren Kerrigan, in the leading role. "Thundering Dawn" had its world's premier at the Hippodrome, Cleveland this week and comes direct from Cleveland to the American theatre.

THEATRES

DREAMLAND—"The Steel Trail" This is a very exciting picture, full of life and pep. There is a runaway dynamite train in which the hero matches the speed of his horse against the train, in order to rescue his girl from certain death. There is also a struggle against a forest fire that is very realistic. There is also a fine feature and a comedy picture.

GRAND—"To the Last Man" a story of a famous feud between cattlemen and sheepmen in Arizona, which was fought out literally to the last man. It is filled with action and has dramatic situations which are certain to rouse the enthusiasm of picture fans to a high pitch. There is a splendid cast and the picture itself is finely dramatized.

COLONIAL—"Yesterday's Wife" with Irene Rich in the leading role. This is a story showing how suddenly acquired riches some times cause love and ideals to be lost, because those who have been happy before lose their poise, and plunge into things that they formerly scorned. The picture is one of real human interest, true to life, and an entertainment that is well worth seeing. In addition there is a good comedy and feature picture.

AMERICAN—Ethel Clayton, in "The Remittance Woman." This story is full of dramatic situations, with a touch of tragedy, and there are also a number of humorous incidents that lend spice to the program. There is a very good feature picture that follows, and a funny comedy.

RIALTO—Tonight, final performance of the American Legion Minstrels. See our local boys in action.

On November 14, Daley, the renowned European conjurer, who will present the best of the Thurston-Kellar mysteries.

ILLINOIS SOLON IS SOOMED FOR HOUSE SPEAKER

Representative Martin B. Madden.

A group of middle-west Republican members of the house has started a boom for Representative Martin B. Madden as speaker of the house when congress convenes next month. Their plan is to have Speaker F. K. Gillette give an ambassadorial post—probably to Italy—that his place may be filled by Madden without any embarrassment to the former.

MANSFIELD, Nov. 9.—Though city has had supervised playgrounds for two years children seem to have taken up forms of recreation not on program. Ten year old boy on way to school stopped at drug store to have nickel changed into pennies. Pulling out money, lad brought out pair of dice. Clerk asked boy if he was going to shoot crap. Boy gambler was truthful and admitted he was.

OPEN HOUSE NOT HELD FOR HINKSON ALONE, CLAIM

A. R. Agate, supporter of Harry Hinkson, has asked that a correction be made of an article in the Chronicle-Telegram that a reception was given Mr. Hinkson, election night at the Masonic Club. He states that the Club followed its usual procedure of keeping open house for its members on election night, and all members were welcome. "After it

was assured that Mr. Hinkson was elected," says Agate, "his friends grabbed him and carried him to the club. There was no reception, for Hinkson or anyone else, and we would like to have that impression corrected in justice to the Club."

CINCINNATI, Nov. 9.—Increase in the city and county tax duplicate of \$175,000,000 to \$200,000,000 is expected to result from

"Were lost! The Typhoon Is Coming!"
Outside the rain beat down, ferociously driven by a wind that roared and raged. Its every succeeding gust rose to a higher pitch as it tore mercilessly at their puny hand-made habitation. "We're lost!" he cried, shouting to make himself heard, as above the thunder of the storm he detected the screech and roar of the terrible typhoon, bringing with it the most dreadful of nature's catastrophies, the tidal wave.

In the vortex of the demoniacal wind storm and the mad rush of swirling waters a man's soul was born anew—the power of love triumphed over vice and degradation. In this cataclysm of human emotions and elemental fury are enacted the most dramatic scenes ever shown on the screen. The most stupendous, inspiring spectacle ever staged for a picture—you'll gasp! You'll marvel! You'll applaud the most gripping picture you've ever seen. Don't miss it!

MY HUSBAND'S LOVE Adele Garrison's New Phase of Revelations of a Wife

Lillian Wanted to Go to a Hotel.
Lillian looked at me with
characteristic impetuosity as
Dicky entered her into the
room. Dicky had the smaller bags
and behind him was the taxi driver,
laden with suitcases. But Lillian
carried several small parcels which
I guessed she feared to intrude to
the proverbial carelessness of mar-
riage hands, and despite her ap-
parent haste, she managed to deposit
these safely upon the table before
she swept me into her arms.
"Oh! it's good! to see you
again," she ejaculated, embracing
me warmly. "Let's have a look at
you!" She held me off at arm's
length, inspected me gravely. "How
do you do it, Madge? You're pret-
tier every time I see you. And you
have the color no rouge pot can
realt!"
She hummed the atrocious parody
tunefully, and Dicky struck in with
a provoking grin.
"That's not natural color, dear
heart, that's the flush of righteous
anger manifesting her fair cheek. I
just smashed thirty or forty cents
worth of glass and cold cream tubes
in the bedroom, trying to get out a
collar from the gimcracks, and her
repressed emotions are making her
apoplectic!"
Lillian shot an inquiring, signifi-
cant glance at me. I was filled with
mischief, and I prepared to play up
to anything she might say.
"I hope those antique things I
picked up for you in the Italian
quarter weren't among them," she
said solicitously.
"I am afraid they were," I replied
dolefully with an inward grin at the
remembrance of the inexpensive,
easily replaced, but oddly attractive
little dishes to which she referred.
"Then I thank you for the high
value you are pleased to place upon
my gifts," Lillian threw this over
her shoulder to Dicky, whose face
lengthened ludicrously.
Dicky's Attitude Changes.
"Oh! I say, Lill! honest, were they
gifts from you? I'm mighty sorry.
Can't they be duplicated? Madge,
where did you put the pieces? I'll
spend all my waking hours in those
shops down there."
"They're in the waste basket in
the kitchen," I said coldly, for the
contrast between his indifference to
the breakage when he thought I only
was concerned and his present
solicitude was enough to chill the

SAY CALUMET The Economy BAKING POWDER it means the BEST

The word Calumet means
more than merely Baking
Powder—it stands for depend-
ability—purity and economy.
It is the emblem of the highest
quality leavener.

A pound can of
Calumet con-
tains full 16
ounces. Some
baking powders
come in 12 oz.
cans instead of
16 ounce cans.
Be sure you get
a pound when
you want it.

If it were possible for you
to forget the name—to just ask
for "the Best," in most cases the
grocer would give you Calumet.

Experiments are expen-
sive—especially on bake-day. To
use leaveners simply because they
cost a trifle less than Calumet is to in-
vite failure. It generally means ruined
bakings—the loss of time and expen-
sive ingredients such as flour, sugar,
eggs, etc.

Don't take chances with unre-
liable brands of Baking Powder —
Try Calumet once—use it always.

Internationally Known Woman Lecturer Here Next Wednesday

In "You Americans," which Ada Ward will give as her lecture on Wednesday afternoon at the First Congregational church she optimizes her many and varied experiences in meeting the people of America during her several years in this country, and shows how we appear to a keen and interested visitor from abroad.

Miss Ward has had unique opportunities of studying the American people. She was lecturing in Canada in 1917 and it is said that she created a furor there with her stories of her work in France during the early days of the World War. Her fame spread to the United States and she was invited to speak here. She was received with amazing enthusiasm. Churches of every denomination opened their pulpits to her and she spoke in theatres, hotels, colleges, clubs, schools and at conventions.

She was interviewed by the press, wrote articles for the newspapers and magazines, lectured from the Atlantic to the Pacific, in big cities and small towns, and during all this was involved into the homes of the American people, where she studied their lives at close range.

Her lecture will be full of quaint remarks and amusing surprises, occasionally startling, often humorous, and always interesting. It is illustrated by clever cartoons. It will doubtless send its hearers home with a full knowledge of themselves and their country, more determined to be worthy of the flag under which they live.

This lecture will be given at 3 o'clock and is open to the public. It will immediately follow the Women's Club luncheon which is to be held at St. Paul's church at 12 o'clock.

AMHERST MARSHAL TO GET \$12 A YEAR

AMHERST, Nov. 9.—How'd you like to be a village marshal on \$12 a year?

How'd you like to chase bold, bad bootleggers and auto speedsters and watch for burglars and keep pedestrians from expectorating on the sidewalk and hunt for lost babies, 30 days and then march up to the paymaster's window and collect eight bits, one cart wheel, a plunk, a dollar, or whatever your vernacular calls it?

Well, if you were marshal of Amherst and charged with the welfare and safety of its 4,000 souls that's what you'd do, because...

At the regular meeting of the village council Tuesday evening it was voted to place the salary of the marshal at \$12 per annum, and that's the truth.

Cafeteria Supper at M. E. Church, Saturday, 4:30 until all are served.

Circle No. 2 of the First Cong'l. Church will hold a bake sale at L. C. Heck's Floral Store, E. Broad St., Sat., Nov. 10, starting at 10 o'clock a. m.

Ohio Pastor Made College President

COLUMBUS, Nov. 9.—Rev. Irving Maurer, pastor of the First Congregational church here, announced today that he intended accepting the presidency of Beloit College, Beloit, Wis., offered to him by unanimous action of the college board of trustees.

When Rev. Maurer will assume his new duties depends upon the action of the official board of the local church in releasing him.

For the first time an American has made the rugby team at Wadham College, Oxford. He is E. W. Layman, graduate of the University of Wyoming, and a star fullback during his attendance there.

The Ladies Aid of United Presbyterian Church will hold a Bake Sale Nov. 10th at Heldmeyer Hardware.

RHEUMATISM

I have returned after 2 years' service in France with the A. B. C. While in France I obtained from a noted French physician a prescription for the treatment of Rheumatism and Neuritis. I have tried it to thousands with wonderful results. The prescription costs nothing. I ask nothing for it. If you will send me your address, a postal will bring it. Write today.

her death was instantaneous.
Mrs. Humm was an aunt of W.
A. Humm of North Park street
and mother of Mrs. B. Davis of
this place. A strange coincidence
arises from the fact that her hus-
band was killed a few years ago
in a similar manner a short dis-
tance west of Florence and Dr.
J. E. Lacey of this place was a
passenger of the car on both oc-
casions.
The car was in charge of Mo-
torman William Durman and Con-
ductor Chas. Leonard and it was
their last run on that division. Mr.
Durman has been a motorman on
the line for twenty years and it
was his first serious accident.

uled two concerts for the fall
term. One to be given at Collins,
Ohio, and the other at Lorain.

Have You Piles?

Thousands who have piles have
not learned that quick and perman-
ent relief can only be accomplished
with internal medicine. Neither
cutting nor any amount of treat-
ment with ointments and supposi-
tories will remove the cause.
Bad circulation causes piles.
There is a complete stagnation of
blood in the lower bowel and a
weakening of the parts. Dr. J. S.
Leonhardt was first to find the
remedy. His prescription, HEM-
ROID, is now sold by all druggists.
Dr. Leonhardt tried it in 1000 cases
with the marvelous record of suc-
cess in 98 per cent, and then de-
cided it should be sold under a
rigid money-back guarantee.
Don't waste any more time with
outside applications. Get a pack-
age of HEM-ROID from C. W. Phil-
lips today. It has given safe and
lasting relief to thousands and
should do the same for you—it
seldom fails—Adv.

Miss Mabel Rich, of Philadel-
phia, was in Oberlin several days
last week giving demonstrations
for teaching musical appreciation
in the High schools.

JOINT-EASE For Stiff, Swollen Joints

Rheumatic or Otherwise

Says: "When Joint-Ease
Gets in—Joint Agony
Gets Out."

It was a high-class pharmacist
who saw prescription after pres-
cription fail to help hundreds of
his customers to get rid of rheu-
matic swellings and stiff inflamed
joints.

And it was this same man who
asserted that a remedy could and
would be compounded that would
make creaky, swollen, tormented
joints work with just as much
smoothness as they ever did.

Now this prescription, rightly
named Joint-Ease, after being
tested successfully on many obsti-
nate cases, is offered through pro-
gressive pharmacists to the mil-
lions of people who suffer from
aching joints that need limbering
up.

Swollen, twinging, inflamed,
stiff, pain-tormented joints are
usually caused by rheumatism,
but whatever the cause Joint-Ease
soaks right in, through skin and
flesh and gets right to and cor-
rects the trouble at its source.

Remember Joint-Ease is for all
members of the joints, whether in
neck, knee, hip, elbow, shoulder,
spine or finger, and when you rub
it on, you may expect speedy and
gratifying results.

It is now on sale at Phillips'
Drug Store and druggists every-
where for 60 cents a tube.—Adv.

WHAT THE FARM BUREAU HAS ACHIEVED

Lorain County Agricultural Club Accomplished Much According to Annual Report

The Farm Bureau yearly program of work is decided upon during the winter months for the following year. A program committee of from five to ten members, both men and women, meet

at the township center with the county agent where the problems common to their homes are discussed and a program is worked out for the township around these problems. For each project decided upon someone in the township is selected by the township chairman to carry out his or her part of that project. Any other help necessary in addition to the individual selected for the project to be undertaken may be secured by the project leader that has been named.

The major projects selected for the Farm Bureau program this year were, Livestock Improvement, Soils and Crops, Marketing Work, Boys and Girls' Club Work, Poultry, Horticulture and Miscellaneous.

Livestock Improvement.
The work done with reference to livestock consisted principally in the holding of Feeding Schools where farmers are taught how to properly balance rations for feeding the various kinds of livestock in the county. Feeding Schools were held in practically every township, were well attended and proved of considerable benefit to the dairy industry especially in the county. The securing of purebred sires to head the herds of the county has been given much emphasis.

Cow Testing Associations have been encouraged and just recently a Lorain County Bovine Tuberculosis Eradication League has been organized for the purpose of eradicating tuberculosis from the livestock as well as to the public consuming livestock and dairy products. Several meetings have been held in the various townships. Committees have been appointed to interest the livestock men of the county in carrying on the tuberculosis eradication work. When this project has been completed, which will probably be done next year, it will mean a saving of thousands of dollars to the livestock men of the county as losses each year from this disease take a heavy toll from the breeders to say nothing of the disease that is transmitted to the consuming public.

Soils and Crops.
The soils and crops work is that of determining the proper kinds of fertilizer as well as the crops that prove to be the most efficient on the various soils of the county.

Soil improvement work includes the testing of soil for acidity which has been carried on by the county agent on several hundred farms. The purchase of limestone to correct the acidity in the soil has been done in a large way and splendid results have come from the use of lime. The laying out of tile drainage systems for the proper drainage of fields or farms has constituted another important phase of soil improvement. Several thousand of tile are used by the farmers each year as a result of the drainage systems planted by the farm agent.

Farm crops given most consideration are wheat, oats and potatoes. A new variety of wheat has been brought in through the Farm Bureau which according to the reports of individual farmers as well as thrashers show that an average of five bushel per acre increase has been the result of the introduction of this one variety. On the basis of the number of acres of wheat usually sown in Lorain county each year this one project alone has increased the yield of wheat by 12,500 bushels. In any cases the yield has been doubled to that of the varieties commonly grown. More than 90 per cent of the wheat grown in Lorain county is now Trumbull wheat. It is the first time in the history of the county when the wheat crop has been standardized. In addition to the increase in number of bushels in the county from Trumbull wheat the quality of flour made from same for baking is much better than other varieties. The work with the oats crop has been along similar lines but has not been carried out so extensively.

The introduction of certified seed potatoes during the past three years when nearly 50,000 bushel of seed potatoes have been imported has resulted in an increase of from 40 to 60 cents bushel an acre. On the basis of the acreage for the county with the proportion of increases by the use of certified seed the potato crop would have increased 150,000 bushels. On several farms it has been demonstrated the possibility of growing alfalfa which bids fair to the increase in acreage to the advantage of the dairy men in particular.

Marketing Work.
The County Bureau has been active in opening up new markets for farm products, assisting farmers in organizing these to market their products more efficiently. Wool growers through the County Sheep and Wool Growers' Association and Farm Bureau co-operating shipped approximately 150,000 pounds during the past

three years to the State association. The Market Gardeners have been assisted in the organization of a growers market which is located in the city of Cleveland which has assisted the market gardeners in disposing of their products. The Milk Association which was recently reorganized has been rendered valuable service by the Farm Bureau of the counties surrounding the Cleveland district. The Livestock men now have the privilege of marketing their livestock through a common firm owned and controlled by themselves now operating in Cleveland which was organized by the Farm Bureau.

In addition to the marketing work several cars of feed, fertilizer and coal has been hauled at a distinct saving to the members of the bureau.

Boys, Girls Club Work.
A greater interest than has been shown for some time was manifested this year among the boys and girls clubs of this county. There were five Calf clubs with about 50 members, three Pig clubs with 25 members, two Poultry clubs with 20 members, four Clothing clubs with 70 members, one Food club with five members and two Gardening clubs with 10 members. Practically all of the clubs made exhibits at the local fairs where liberal prizes were awarded. As a further reward

for the efforts of the boys and girls of the county a large number were sent to the State fair when their expenses were paid in

The Farm Bureau Has

(Continued from Page 8)

County Farm Bureau. of demonstrating better conditions and to encourage the boys and girls in the improvement of the poultry industry which is the second most important industry in the county has made rapid strides in improvement during the past three years. Proper methods of feeding and housing were the main things encouraged among the poultry breeders.

Over one hundred and fifty culling demonstrations were held by the county agent in all parts of the county when the poultrymen were taught the methods of selecting the unprofitable birds from their flocks. As a result of the culling campaign thousands of inferior birds have been removed from the flocks of the county with corresponding net profit to their keeper.

The proper methods of feeding are being practiced on nearly every farm in the county at the present time. Three years ago very few flocks were properly handled or fed. The increased profits resulting through the better practices of feeding and management put into operation by the poultrymen of the county as a result of the poultry project of the farm bureau has resulted in an increased income of thousands of dollars to the poultry raisers.

Horticulture. Demonstrations have been conducted among the fruit men of the county of various kinds. Spraying, pruning and fertility demonstrations were the principal ones held. Many amateur orchardists have been given advice with respect to proper varieties as well as cultural methods of fruits of various kinds.

Miscellaneous. In addition to the above projects outlined the farm agent conducts a farm labor bureau where a number of farm hands are distributed on farms in the various parts of the county each year.

The Farm Bureau has been instrumental in promoting the Farmers Institutes in the county and have encouraged all other organizations that are of benefit to the rural people. City folks as well as rural folks frequently call at the Farm Bureau office for advice regarding their fruit trees, lawns and gardens which proves beneficial to a large number.

DEFIANCE, Nov. 9.—Danger of the citizens of this city being "right up against a stone wall as far as school affairs are concerned," and "stranding 60 teachers and school employees," was pointed out by Arthur H. Latchaw, school board clerk, in a statement explaining why voters should favor a special two mill tax levy on Nov. 6. The financial condition of the board, Latchaw asserted, is such that employees' salaries will be unpaid next year if the levy does not pass.
